The General Assembly approves the 2014 Work Programme of the Certification Committee (Document EAGA(13)10).

**EA Resolution 2013 (31) 30**
The General Assembly, acting upon recommendation from the Certification Committee, resolves that when accrediting CBs for the purpose of the ‘End of Waste Regulations’ according to ISO/IEC 17021, the certification of the management system of the producers by the CBs shall be against ISO 9001 and the requirements in the applicable ‘End of Waste Regulations’ – this requires that compliance with all the ISO/IEC 17021 requirements, including annual surveillance audits and recertification on the third year, will be fulfilled.

The accreditation certificate shall additionally refer to the ‘End of Waste Regulations’ detailing the types of products covered.

The certificates issued by accredited CBs to producers shall refer to the relevant End of Waste Regulation(s) and specify the type of products covered by the management system.

Moreover, upon request and agreement with the national authorities, the CBs can be accredited under EN 45011 or ISO/IEC 17065 for the certification of the end of waste process, using the appropriate management system requirements and the applicable ‘End of Waste Regulations’ requirements.

**EA Resolution 2013 (31) 31**
The General Assembly, acting upon recommendation from the Certification Committee, resolves that accreditation of CBs providing certification according to EN 15224 can be provided as a standalone activity. In case of an audit to EN 15224 delivering two certificates (ISO 9001 and EN 15224), the CB needs to confirm this with a proper contract review and state on the audit objectives and plan; the CB needs to be accredited for both ISO 9001 and EN 15224 and follow the relevant EA and IAF mandatory documents.
EA Resolution 2013 (31) 32

EA Resolution 2013 (31) 33
